

Product Data Sheet

PT Maxnitron 4T Super Ride

High Quality Four-Stroke Motorcycle Oil

JASO MA2 , API SL

SAE 20W-40

PT Maxnitron 40 Super Ride is a multi-grade engine oil designed to deliver maximum performance for 4-stroke motorcycles. It is formulated with high-quality base oils blended with performance additives that help protect against wear and incorporate technology to reduce deposit formation on engine components. This ensures a clean engine and helps maintain consistent performance throughout operation. The product meets the requirements of JASO MA and JASO MA2 standards.

Customer Benefits

- **Reliable Performance and Protection**

Provides consistent and effective lubrication, ensuring reliable performance and protection under all operating conditions.

- **Thermal Stability and Extended Drain Interval**

With excellent oxidation resistance, the oil maintains its quality under high-temperature conditions and chemical reactions, resulting in extended service life and longer oil change intervals.

PT Maxnitron 4T Super Ride

High Quality Four-Stroke Motorcycle Oil

JASO MA2 , API SL

SAE 20W-40

Performance Standards

- JASO MA2
- API SL

Applications

- 4 - stroke motorcycle engines with both air-cooled and liquid-cooled systems
- Suitable for older-generation engines that require higher viscosity engine oil to provide enhanced wear protection under heavy-duty operating conditions
- Motorcycles equipped with a Back Torque Limiter system
- Motorcycles fitted with a Catalytic Converter
- Motorcycles with integrated engine and transmission units, or separate transmission systems, requiring multi-grade engine oil meeting JASO MA or JASO MA2 standards

Typical Characteristics

Properties	SAE 20W-40
Viscosity @ 40 °C (cSt.)	14.2
Viscosity @ 100 °C (cSt.)	124.06
Total Base Number (mgKOH/g)	6.2
Phosphorus, m %	0.09
Sulfated Ash, m %	0.8

*The above values represent typical production standards at the time of manufacture. Variations may occur between production batches; however, the essential characteristics and performance of PT Maxnitron remain consistent with its quality standards.
